INTERNATIONAL SEARCH REPORT

nternational application No. PCT/KR2004/000947

A. CLAS	SIFICATION OF SUBJECT MATTER		
IPC7	A61K 31/195		
According to I	nternational Patent Classification (IPC) or to both natio	nal classification and IPC	
	DS SEARCHED		
	umentation searched (classification system followed by	classification symbols)	
IPC7 A61K			
	n searched other than minimum documentation to the exts and applications for invention since 1975	xtent that such documents are included in the fi	elds searched
Electronic data PubMed	a base consulted during the intertnational search (name	of data base and, where practicable, search term	ns used)
C. DOCUM	MENTS CONSIDERED TO BE RELEVANT		
Category*	Citation of document, with indication, where app	ropriate, of the relevant passages	Relevant to claim No.
x	Guoying Zhang, et al., "Effects of Dietary Powdered and Endogenous Hyperlipidemia in Hepatoma-bearin biochemistry, 2002, vol.66, no.4, pp.711-6 (See the whole document, especially Fig 2)		1-5
A	Anne W. Harmon, et al., "Differential effects of flava lipolysis", American journal of physiology. Cell phy (See the whole document)		1-5
Α	Tholon L., et al., " An in vitro, ex vivo, and in vivo d slimming liposomes: An unexpected alpha(2)-adrener Science, 2002, vol.53, no.4, pp.209-18 (See the whole document)	• •	1-5
A	Shimura S., et al., " Changes of lipid concentrations i carnitine added diets in rats", The Journal of veterina pp.845-7 (See the whole document)		1-5
	decomposed and listed in the continuation of Paul C	See patent family annex.	
Further documents are listed in the continuation of Box C. * Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "E" carlier application or patent but published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed		"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art "&" document member of the same patent family
